## OBJECTIVE

Dedicated and passionate ICT educator with strong academic background in Computer Science and proven expertise in programming, database systems, web technologies, and networking. Highly committed to delivering quality classroom teaching, fostering practical learning, and contributing to the academic excellence of Adomjee Cantonment College. Skilled in curriculum development, problem-solving, and English-version instruction.

## WORK EXPERIENCE

### ICT INSTRUCTOR

Udvash Academic & Admission Care(2025-presen)

As an ICT Teacher at Udvash Academic Coaching, I teach HSC-level ICT topics such as programming, database, web technology, and networking. I prepare lesson plans, practice sheets, and model tests, and conduct both MCQ and CQ classes to strengthen students' conceptual and exam skills. I use multimedia tools to make lessons engaging and regularly assess student performance to provide effective feedback and academic support.

### COMPUTER SKILLS TRAINER

Freelance-(2024)

As a freelance Computer Skills Trainer, I trained students in essential digital skills such as MS Word, Excel, PowerPoint, email communication, and internet usage. I created beginner-friendly lessons, hands-on exercises, and worksheets to help learners gain practical competency. I also assessed student progress and offered personalized guidance to ensure steady improvement.

### ICT LAB INSTRUCTOR

Internship-Ramizuddin high School(2023)

As an ICT Lab Instructor during my internship at Ramizuddin high School, I assisted students with practical ICT tasks including programming basics, database operations, and spreadsheet activities. I prepared lab resources, managed computer equipment, and supported classroom teaching by providing one-on-one help to students during practice sessions. I also maintained discipline, ensured smooth lab operations, and helped create an effective learning environment.

## PROJECT EXPERIENCE

### ADSPIRE PROJECT – AIUB

Worked on creating advertising content for StepFootwear as part of a university creative team. Designed promotional materials using Figma and Canva, contributed to concept development, and collaborated with teammates to deliver high-quality visuals. Received a certificate for outstanding performance.

### SCHOOL MANAGEMENT SYSTEM – JAVA & MYSQL

Developed a desktop-based school management system with features for attendance, student records, and exam management. Implemented Java Swing UI and MySQL database with ERD, normalization, and data validation.
